FOREWORD

M. PARVEZ ALAM

CEO & DIRECTOR, CRESCENT INNOVATION AND INCUBATION COUNCIL

Crescent Innovation and Incubation Council (CIIC), a brainchild of our Pro-Chancellor Mr Abdul Qadir Abdur Rahman Buhari was conceived in the year 2018 to promote start-ups as well as nurture students of our University for setting up businesses. Mr Abdul Qadir's source of inspiration was his father Dr.BS Abdur Rahman (popularly known as BSA) who created a \$ 6 Bn empire in the Middle East region despite being a school dropout.

According to Worldometer of United Nations, the Indian population will grow to a figure 1.38 Bn by the mid of 2020, thus “Entrepreneurship is not a luxury but mandatory” for the growth of the nation. Therefore, our mandate is to create more employers than employees.

I am extremely thankful to our University management for providing CIIC with 25000+ sq. ft of space for an immediate jumpstart on September 2018. CIIC was incorporated as a separate legal entity i.e. ‘Section-8 not for profit company’ on March 2019 as per the government norms for Incubation Centres.

Since its inception, CIIC has strived to be at the forefront in the incubation arena. While I am appointed as the CEO & Director of CIIC, for my strategic & marketing experience from a large corporation with a frugal engineering mindset, we have been very thoughtful in on-boarding our human resources with an entrepreneurial and incubation background. CIIC has strengthened from one member to an eight-member team now to rapidly scale and take CIIC to the pinnacle.

We aim to convert more students into entrepreneurs and at the same time facilitate ideation stage start-ups in the ecosystem to accelerate them to the growth stage at a rapid pace. Our thrust areas are Life Sciences, Industry 4.0 and Mobility Transportation which are also the core economic sectors for the state of Tamil Nadu.

Our immense gratitude to Biotechnology Industry Research Assistance Council (BIRAC), Government of India for fuelling our growth by funding Rs.1.8 Cr BIONEST grant and thereby helping CIIC achieve a prominent place on the Indian business map. This grant has helped us in setting up a state of the art “Centre for Life Sciences” which is a boon for many Life Science start-ups for their research and product testing needs. On similar lines, CIIC has set up a “Centre for Innovation in Teaching & Learning” – with Media Production facilities, a “Centre for Smart Manufacturing” – with 3D printing facility. Creations of more such centres in various domains are in anvil. With the collective efforts of the team, currently we have 35+ incubatees across different stages of growth& we are also supporting 15+ student start-ups which are run by the students of our University.

Thanks to the Entrepreneurship Development and Innovation Institute (EDII), Government of Tamil Nadu for granting Rs.19 Lakhs under the Innovation Voucher Program (IVP) to 5 of our start-ups which gave them more impetus. One of our “sweet spots” is providing international connections, especially in the Middle East region. The European Commission has selected CIIC, among the 16 chosen incubators from India to collaborate with 15 selected European incubators under the flagship “Europe – India Innovation Network Program”, whereby CIIC has signed an MOU with 4 European incubators.

In the forthcoming years, CIIC aims to set up more Centres of Excellence in various domains to empower the entrepreneur ecosystem and create 100+ start-ups which will catalyse our country's economic growth.

MR. B.S.A. ARIF BUHARY RAHMAN
CHANCELLOR, B.S. ADBUR RAHMAN CRESCENT INSTITUTE OF
SCIENCE & TECHNOLOGY

India's biggest economic asset the 'young people' is struggling with the issues of employment. To worsen, increasing automation is also taking away many prevailing professions. However, over the past two decades, India has seen a rising level of interest in entrepreneurial and innovative ventures, particularly in technology related fields. Government of India has initiated departments like BIRAC, NSTEDB, NITI-AYOG as an instrument for promoting Business Incubators for aspirants from various thrust areas of STEM among academic and research institutions who have vested interest in setting up such a contrivance to help their students turn their entrepreneurial visions into reality through an incubation experience.

It was in this milieu Crescent Innovation & Incubation Council (CIIC) was born in 2019, with a vision 'To nurture a society for entrepreneurship with integrity, sustainability and innovation'. CIIC supports aspiring start-ups by facilitating their journey to success and in turn creating thousands of jobs. Startups are encouraged to think about the need of a society and CIIC facilitates the path for product development in all aspect and effective market proposition. I wish CIIC a wonderful journey in giving the society, successful entrepreneurs with further employment opportunities.

MR. ABDUL QADIR ABDUR RAHMAN BUHARI
PRO CHANCELLOR, B.S. ADBUR RAHMAN CRESCENT INSTITUTE OF
SCIENCE & TECHNOLOGY
DIRECTOR, CRESCENT INNOVATION & INCUBATION COUNCIL

It gives me immense pleasure to note Crescent Innovation & Incubation Council is releasing their 'First edition of Annual Report'. It has been a year of many forward-thinking and positive changes at CIIC in incubating 30+ startups with a prodigious notion of supporting start-ups to become an unfailed & profitable effort. Successful venture lies in 4 'S'. Strength & confidence; Strong work ethics; Self-starter & Strong people skills and these are the fundamental ethics of CIIC as an institution for making its headway. While natal proportions for new start-ups in India have increased in the last couple of years, the existence rates have also improved due to the Initiatives such as Make in India, the Startup India program, the establishment of the Ministry for Skill Development and Entrepreneurship, the Intellectual Property Facilitation Centres and other incubation programs.

CIIC was incepted with a view of providing state-of-the-art facilities and high throughput technologies in the area of Industry 4.0, Life Sciences & Mobility and Transportation by establishing Centre of Excellence (CoE). These CoE's supports with cutting edge techniques and technologies to start-ups & business coaching and mentoring to ambitious entrepreneurs. Networking with professionals from industries and academia, gain backing from the corporates and investors are the few core strengths of CIIC for their start-ups to venture to ensuing phase of their businesses. I wish all the very best and a continued success to CIIC.

MR. KHALID A. K. BUHARI
BOARD MEMBER B.S. ADBUR RAHMAN CRESCENT
INSTITUTE OF SCIENCE & TECHNOLOGY
DIRECTOR, CRESCENT INNOVATION & INCUBATION COUNCIL

I am happy to know the Crescent Innovation & Incubation Council is bringing out the first annual report. B. S. Abdur Rahman Crescent Institute of Science & Technology is named after the visionary founder Alhaj Dr. B. S. Abdur Rahman who served the students society especially by recognizing the need for socio-educational transformation. As a feather to the cap, Crescent Innovation & Incubation Council is making impressive contribution across the start-up sector. CIIC in coming years will be a global hub for professionals and international entrepreneurs accessing through our established foreign collaborations. Having a good access to market enables a sustaining and growing ecosystem, but also with support from government and large corporates.

I appreciate the staff and management of this University and special recommendations to CIIC team in taking the fame nationally and internationally. I'm sure CIIC would continue to excel as a renowned Incubator in various thrust areas. On this occasion, I extend my warm greetings and felicitations to the CIIC management and team and wish every success.

DR. A. PEER MOHAMED,
VICE-CHANCELLOR INCHARGE, B.S. ADBUR RAHMAN CRESCENT
INSTITUTE OF SCIENCE & TECHNOLOGY

It gives me immense pleasure to know that Crescent innovation & Incubation Council is celebrating the release of its 'First Annual Report-2020'. Top universities form the backbone of the start-ups ecosystem and Crescent innovation & Incubation Council (CIIC) is the bridge for the academic world for translating innovation to creation.

I am further happy to understand that the CIIC is contributing to the business and technical needs of start-ups from various thrust area like Agri-Tech, Med-Tech, Clean-Tech, Edu-Tech, AI & IoT and also other sectors like mobility and transportation. CIIC has rendered services in shaping business models of entrepreneurs from infant stage (Ideation) as well as growth stage.

Deep rooted persuasion of the team joint with the dedication of B. S. Abdur Rahman Crescent Institute of Science & Technology management has made CIIC stand as an institution of excellence for the past one year.

This report is a reflection of the essence of its activities. I send my felicitation and best wishes to CIIC staff and also to the start-ups on this happy occasion.

DR. A. AZAD,
REGISTRAR, B.S. ADBUR RAHMAN CRESCENT INSTITUTE OF SCIENCE &
TECHNOLOGY
DIRECTOR, CRESCENT INNOVATION & INCUBATION COUNCIL

India is making laudable advancements in Science and Technology. India has captured a distinguished place in the world map with regards to its contribution towards knowledge driven products and services, its emergence as a global R&D hub, and the quantity and quality of its professionals. From the inception CIIC has been playing a pivotal role in shoving the path of an entrepreneur for an un-failed growth. In order to endure this growth in an ever-changing, ever-challenging global business environment; the early rendition of innovative ideas into products, processes and services for the market has become the main focus of CIIC. A good environment and support system is always guaranteed to a talented initiative to empower tremendous pressure and demands of global standards.

CIIC provides a favourable eco-system for nurturing and growth of sector agnostic start-ups. The aim is take their innovation to the market and attract those having funds to finance this exercise. Mentoring strength of Crescent Innovation & Incubation Council is a list of organisations varying from academic to corporate and government sectors. CIIC start-ups have raised venture funds, grants, recognition from international and national platforms. This annual report gives you a synopsis of the 1-year-old CIIC achievements and impressions. We at CIIC remain dedicated to extend the spirit of entrepreneurship across the globe.

EXECUTIVE SUMMARY

B.S. ABDUR RAHMAN CRESCENT INSTITUTE OF SCIENCE & TECHNOLOGY

B.S. Abdur Rahman Crescent Institute of Science & Technology is a 4-Star rated QS World University Rankings varsity with over 35 years of Academic Excellence was established in 2009 as a Deemed to be University under Section 3 of the University Grants Commission (UGC) Act, 1956, Government of India. Crescent is the 4th varsity to be awarded with QS4-Star rating, and the only University in India to have 20 programmes accredited by NBA under Tier-1 of the prestigious Washington Accord. It is also the First & only Institute in India to have a Foreign National as Vice Chancellor with more than 100 full-time foreign associates for academic upliftment. It was started as Crescent Engineering College in 1984, a Muslim Minority Institution, approved by the All India Council for Technical Education and affiliated to Anna University. Promoted by the All India Islamic Foundation (AIIF), it has dedicated itself to the cause of knowledge and empowerment, with special focus on technical education for the educationally, socially and economically backward communities. The Institute is guided by eminent personalities from various walks of life such as education, research, industry, business and administration.

Accreditation and Membership

The Institute has been accredited by the National Assessment and Accreditation Council (NAAC) with "A" grade. The Institute is a Member of the Association of the Indian Universities and also a Member of the Association of Commonwealth Universities. All the undergraduate engineering programmes are accredited by the National Board of Accreditation (NBA) and now the Institute is in the process renewing the accreditation and obtaining fresh accreditation for all the programmes. The institution has ISO 9001-2005 certification.

I. SCHOOL OF EXCELLENCES

1. CRESCENT SCHOOL OF BUSINESS – EVOLVING LEADERS INTO ENTREPRENEURS
2. SCHOOL OF ARCHITECTURE – ARCHITECTS OF FUTURE SMART CITIES
3. SCHOOL OF LAW – COMPLIANCE MATTERS AND JURISPRUDENCE PREVAILS
4. SCHOOL OF INFRASTRUCTURE – RIDING THE INFRASTRUCTURE WAVE SUCCESSFULLY
5. SCHOOL OF MECHANICAL SCIENCES – GEARING UP FOR THE “MAKE IN INDIA “MANDATE
6. SCHOOL OF ELECTRICAL AND COMMUNICATION SCIENCES – ENGINEERED FOR NETWORKING SUCCESS
7. SCHOOL OF COMPUTER INFORMATION & MATHEMATICAL SCIENCES – CUTTING EDGE PEDAGOGY
8. SCHOOL OF LIFE SCIENCE – SUSTAINING HEALTHY LIVES
9. SCHOOL OF PHYSICAL AND CHEMICAL SCIENCES
10. SCHOOL OF PHARMACY
11. SCHOOL OF SOCIAL SCIENCES & HUMANITIES
12. SCHOOL OF ARABIC & ISLAMIC STUDIES

II. PROGRAMMES OFFERED

1. 33 UG PROGRAMMES
2. 23 PG PROGRAMMES
3. PH.D IN ALL DISCIPLINES

III. CRESCENT CENTRE FOR LEADERSHIP

1. **CRESCENT CENTRE FOR LEADERSHIP PROVIDES EXCLUSIVE TRAINING ON LEADERSHIP TO:**
VICE-CHANCELLORS, REGISTRARS, RECTORS, PRINCIPALS, HEAD MASTERS, FACULTY MEMBERS,
STUDENTS, CORPORATE EXECUTIVES, BUREAUCRATS, COMMUNITY LEADERS.
2. **CENTRE FOR LEADERSHIP OFFERS:**
MANAGEMENT DEVELOPMENT PROGRAMME
YOUTH LEADERSHIP PROGRAMME
FACULTY LEADERSHIP PROGRAMME
ENTREPRENEURIAL LEADERSHIP PROGRAMME
GLOBAL UNIVERSITY ADMINISTRATORS
TRAINING PROGRAMME
GLOBAL LEADERSHIP TRAINING FOR POLITICAL AND COMMUNITY LEADERS

CRESCENT INNOVATION AND INCUBATION COUNCIL

Crescent Innovation & Incubation Council (CIIC) has been established as a Section-8 not for profit company and registered under Indian Companies Act 2013. CIIC acts as a “One Stop Shop – Technology Business Incubator (TBI)” for start-ups. CIIC facilitates entrepreneurial & innovative ecosystem to all the stakeholders including the students, faculties, industries, investors and society at large. CIIC is under the ambit of BSA Crescent Institute of Science & Technology which is deemed to be University under Section 3 of UGC Act 1956. CIIC is presently focusing on the disruptive technologies in the domains of Industry 4.0, Mobility Transportation & Life Sciences.

SOME KEY INSIGHTS :

Crescent Innovation & Incubation Council (CIIC) is recognised by

- Start-up India.
- BIRAC - Department of Biotechnology- Government of India.
- Incubation and Innovation (IIC), MHRD Innovation Cell.
- EDII - Entrepreneurship Development Innovation Institute, Govt. of Tamil Nadu.
- Distric Industries Centre, Directorate of Industries & Commerce, Govt. of Tamil Nadu.

VISION :

To nurture our society by nudging the entrepreneurs with integrity, sustainability and innovation.

MISSION :

- To facilitate the sparks among budding entrepreneurs.
- To inculcate the young student minds from ideation to start-up establishment through mentoring.
- To bridge the start-ups with the angel investors & venture capitalists.
